Exhibitors must dress as for showmanship
7. A special rate of gain contest for steer, lambs, goats, and hogs will be held as part of the market program. All animals receiving a blue ribbon are eligible for the rate of gain awards. There will be a minimum rate of gain for steers, lambs, hogs and goats.

SHOW RULES

1. Exhibitors must dress as for showmanship
2. If an exhibitor has more than one entry in the same species, another 4-H/FFA member may show the second animal of that species if they are in the same class. The exhibitor must make his/her own arrangements for a substitute.
3. Market program exhibitors must show in a showmanship class for each specie they are entered into the market program with. Example: exhibitor auctioning a lamb and a hog must show showmanship in both of the specie.

SALE RULES

1. Each exhibitor may enter four animals at final weigh-in. An exhibitor may enter animals of different species as long as the total number entered does not exceed two per species or pens. Each exhibitor may sell up to two animals/pens of different species.
2. Animals entered and weighed in the market program must be exhibited and graded in the market class in order to be eligible for market show awards, ribbons, trophies, and sale in the auction.
3. No animals placing below a red ribbon will be sold in the auction. If an exhibitor has only red ribbon market animals, only one red ribbon animal may be sold in the auction and the lowest ranked animal will be eliminated.
4. **Market animals must make minimum weight and rate of gain to show in a market class and sell in the auction; all others will be placed in a feeder class and will not be sold in the auction.**
5. Subject to the limitations above, all qualifying animals must be sold in the auction. No animal may be withdrawn from the market program by the exhibitor after final weigh-in.
6. Except for rabbits, chickens and turkeys no un-castrated or stag animals (as determined by the barn superintendent and/or veterinarian) will be permitted in the market program.
7. Exhibitors must follow all USDA requirements for withdrawal of feed additives and medications. A licensed veterinarian must give all medications administered within 30 days of the auction.
8. Any artificial means of removing or remedying physical defects of conformation in animals (such as lifting or filling under the skin) will be considered to be fraud and deception. Evidence of such treatment will result in the owner's forfeiture of all current show awards and sale proceeds.
9. All animals must be groomed as if for showmanship class.
10. Except for show awards, animals may not be decorated or sprinkled with artificial materials. Artificial materials include, but are not limited to, glitters and ribbons.
11. Market animals with unsightly or condemnable conditions, will be pulled from the auction at the discretion of the fair veterinarian with guidance of the market committee.
12. All exhibitors must lead their animals through the auction ring and return them to the stall unless excused by the barn superintendent. Exhibitors must make their own arrangements for a substitute. Exhibitor must dress as if for showmanship.
13. Ownership of the auction animal changes at the time the auctioneer calls "Sold". However, the exhibitor retains responsibility for the care of the animal until the animal leaves the fairgrounds. Responsibilities for delivering the animals to the loading chutes are arranged by the Market Committee or barn superintendents. Animals may be held past fair closing.
14. The exhibitor will present buyer placards and thank you note to buyers at the time of the auction.
15. Thank you notes from exhibitor to buyers of the exhibitor's animals must be approved and turned in by 9pm Wednesday evening. Market Committee members will be available to proof read and approve all thank you notes from 10 a.m. until 2 p.m. on Wednesday; they will be located at the market office. Checks for auction proceeds will not be issued to exhibitors until the Livestock Association receives the exhibitor's approved thank you notes. Exhibitors with multiple auction buyers need to write additional approved thank you's to each buyer. Stationery will be provided.

16. If an animal is condemned during slaughter due to disease or handling, or if the meat is unfit for human consumption, the seller will absorb the loss.

**International Association of Fairs and Expositions (IAFE)
National Code of Show Ring Ethics**

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- 1) All exhibitors must present upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
- 3) Junior exhibitors are excepted to care for and groom their animals while at fairs or livestock shows.
- 4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the

hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
- 11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infraction.

Bred and Owned Market Classes—2015 Polk County Fair

Bred and owned market classes will recognize 4-H and FFA members who are breeding, raising, and exhibiting **market steers, lambs, goats, hogs, rabbits and turkeys.**

To be eligible for the Bred and Owned awards, participants must enter the appropriate class (Bred and Owned Market Steer, lamb, hog, goat, pen of rabbits, turkey) **IN ADDITION** to the general market class for that species. Entries must be submitted by the fair entry deadline.

NOTE: Entry in a Bred & Owned class does not allow participants to enter or sell additional animals in the Market Auction (See Market Rules)

Qualifications for bred and owned market animals:

-Dam of market animal must be owned by member at the time of breeding and birth of the entered market animal.

-Exhibitor must enter and show a breeding animal in the same species as their market animal. (Breeding animals may not enter in a market class) This may be the dam of the market animal, or another breeding animal from their project herd/flock. Sows may not come to fair.

-Bred and owned market animal entrants must meet all Market Auction requirements. (See Market Rules)

-Current year 4-H or FFA recordbooks must be presented to Barn Superintendant for each entry in Bred and Owned market classes. Superintendant will verify ownership of market animal dam using one of the following: bill of sale of the dam to the exhibitor, registration or brand certificate in the exhibitor's name, statement from 4-H leader or FFA Advisor confirming ownership. Record books will be provided to the judge upon request.

A Best of Show award (Bred and Owned Market) winner in each of the listed and species will be selected by the judge, and will receive a special award.

Auction order will NOT be based on bred and owned results, but results will be noted in the auction catalog.
