Contact: Alyrica Networks*Telephone:* 541-929-3330*Email:* sales@alyrica.net

Philomath, OR – Alyrica Networks has completed Polk County Broadband Infrastructure Project as of 12/30/2020. The entire project consisted of fixed wireless equipment that was installed on 6 tower sites as well as additional Micro Points-of-Presence throughout the county. With the project completed, Alyrica will now be able to serve over 91% of addresses throughout rural Polk County that wish to have internet service provided by Alyrica. The map below indicates the full scope of the final project with the service areas that we can now bring online.

For those that may have questions about if their address might now be able to be served with this latest tower coming online, please contact Alyrica at 541-929-3330 or sales@alyrica.net or by simply inputting your information in at our website and one of our team will reach out to you:
