154.510. PURPOSE AND INTENT. The purpose of the Rickreall Unincorporated Community Industrial Commercial (Rickreall UC-IC) Zoning District is to implement the Comprehensive Plan policies related to both industrial and commercial development by providing for a mixture of commercial and manufacturing activities. This zone is applied to designated lands within the unincorporated community of Rickreall.

Commercial activities in this zone generally consist of uses which complement agricultural and forest activities in the surrounding area, uses which serve the needs of the surrounding community or the needs of the traveling public, or other uses which are small-scale and low impact. Industrial activities in this zone generally consist of uses which complement agricultural and forest activities in the surrounding area, uses that require proximity to rural resources, or other uses which are small-scale and low impact.

154.520. SMALL-SCALE, LOW-IMPACT USES. Commercial uses allowed in the Rickreall UC-IC Zone which are listed under Section 154.540(C) or Section 154.560(C) shall be established in a building or buildings not to exceed 4,000 square feet of floor space. The floor area calculation does not include outdoor storage areas.

Except as provided in Section 154.525, an industrial use allowed in the Rickreall UC-IC Zone which are listed under Section 154.540(C) or Section 154.560(C) shall be established in a building or buildings not to exceed 40,000 square feet of floor space. The floor area calculation does not include outdoor storage areas.

Establishment of a new commercial use or expansion of a commercial use listed under Section 154.540(C) or Section 154.560(C) which would exceed the 4,000 square foot standard shall require a Comprehensive Plan Amendment as specified in Chapter 115 of the Zoning Ordinance.

Except as provided in Section 154.525, the establishment of a new industrial use listed under Sections 154.540(C), and 154.560(C) or expansion of an industrial use other than those listed under Section Rickreall 154.540(B) which would exceed the 40,000 square foot standard shall require a Comprehensive Plan Amendment as specified in Chapter 115 of the Zoning Ordinance.

154.525. INDUSTRIAL MILL SITES. A use sited on an abandoned or diminished industrial mill site that was engaged in the processing or manufacturing of wood products is not subject to the small-scale, low-impact building size limitation, provided that the use will be located only on the portion of the mill site that was zoned for industrial use on October 28, 1994.

154.530. STANDARD INDUSTRIAL CLASSIFICATIONS. Standard Industrial Classification (SIC) code numbers for most of the uses in this zone are shown in parentheses after the listed use. The SIC codes are a coding system used by the federal government to identify specific industries. Two-digit codes are used most often in the Zoning Ordinance to describe general categories of uses. In some instances, more specific three and four-digit codes are used. A copy of the SIC Manual is available for use at the Community Development Department and provides a more detailed description of the uses described in each general category.

154.540. PERMITTED USES. The following uses and their accessory buildings and uses are permitted. All uses under this Section are subject to the applicable standards as set forth in Chapter 112 (Development Standards) and other general provisions and exceptions set forth by this ordinance.
