

Meet the Office of Small Business Assistance!

Monday, February 27, 2023 | 9AM until 4PM

Worksource Oregon - Polk Center

580 Main St B, Dallas, OR 97338

Got a question about your small business? Need help navigating government regulations? Do you have a problem with a state or local government agency?

The Office of Small Business Assistance can help!

We'll be onsite to help people get answers to questions about starting, running, or closing a business in our state. We can answer some questions ourselves, and we help to connect people with other resources.

Our services are free and confidential, and we are independent and objective. We have broad powers to investigate complaints and recommend ways to improve how state agencies interact and communicate with small businesses. **No appointment needed, walk-ins welcome!**
