Subject: Polk County's 2020 TMDL Implementation Plan Annual Progress Report

Dear Ms. Gramlich,

Enclosed is Polk County's annual TMDL Implementation Planning Matrix, which has been updated to summarize the activities that were conducted in 2020 (Attachment A).

Polk County is proposing some minor modifications to the existing Implementation Plan to incorporate DEQ's recommendations from last year's annual report. In addition, some edits were made in regards to strategies for increasing awareness about DEQ's 1200-C and 1200-Z stormwater permit requirements. Item No. 8 of the revised Planning Matrix reflects these changes.

Please note that for the sake of reducing duplicated information that was previously provided in November of 2018, I have not included Exhibits 2-5 that are part of the Implementation Plan. If you would like a copy of these Exhibits, I would be happy to send them to you upon request.

If you need additional information, please contact me at (503)623-9237 or mulder.sidney@co.polk.or.us.

Sincerely,

Sidney Mulder
Planning Manager
