2009 JOBS AND TRANSPORTATION PACKAGE

The Issue:

Oregon's multi-billion dollar transportation infrastructure hasn't been maintained to keep up with population and freight traffic growth, hindering Oregon's ability to move people, goods and commerce effectively throughout the state. **The \$300 million package is estimated to sustain an average of 4600 jobs each year within the Oregon economy during its first five years full years of implementation or a total of 40,000 jobs over 10 years.**

The Highway Package:

\$300 Million Total Package for State, Counties, and Cities

- \$3 million for Travel Information Council (rest area improvements)
 - \$24 million for Flexible Funds for Multi Modal Transportation
-
- = \$273 million annual funds (50% state/30% Counties/20% Cities)

\$136.5 M to state highway program

- Includes annual funds for preservation, maintenance, safety on Oregon's existing highways. \$900 million is also included for bond debt services and annual funds for large congestion relief projects throughout Oregon.

\$81.9 M annually to county roads; \$54.6 M annually to city roads (*see breakdown charts*)

Revenues:

Registration fee: \$88 million annually	\$16 per year increase (currently, \$27 per year)
Title fee: \$34 million annually	\$22 increase (currently, \$55)
Gasoline / diesel tax*: \$164 Million annually	6¢ per gallon increase (currently, 24¢ per gallon)
License plate fee: \$14 Million Annually	\$10 per plate fee surcharge above the cost of production (currently, \$3 for one plate / \$5 for a pair of plates)

* Gas tax takes effect after two consecutive fiscal quarters of positive state employment or January 1, 2011, whichever is sooner. 4 year moratorium on county registration fees and local fuel taxes. Large counties gain the ability to raise registration fees Commission approval. Local Fuel taxes will now require voter approval. Heavy Vehicle Fees are adjusted on a sliding scale for Constitutional cost responsibility provisions. Heavy vehicles will pay approximately 1/3 of the new revenues.

Assumptions for a two person, two car household:

- A motorist drives 12,000 miles per year
- A car has a 20 mpg fuel economy rating
- An individual owns the same car for about 4 years.
- An individual buys a brand new car once every 8 years.
- An individual buys two plates for a car when they buy a new car.

The household would pay an additional:

- \$ 32.00 per year in registration fees for their two cars.
- \$ 72.00 per year in gas tax.
- \$ 11.50 per year in title issuance, transfer, duplicate or replacement (one title for each vehicle issued, etc. every four year.
- \$ 6.00 per year for plate fees (two new plates for each vehicle every 8 years).
- \$121.50 per year in total or a slightly more than \$10 per month.

At today's rates, the household pays about \$371 per year in taxes and fees to register, title and fuel their two cars. This is about \$31 per month.
